

## Message from the President of DCI

Every child in this world deserves a life of dignity. Right now, millions of children around the world are living in desperate poverty. They do not have access to medical care or education. In many cases, they even lack shelter and decent clothing. Above all, they lack hope for a better future. No child should have to experience this. Distressed Children & Infants International is dedicated to helping these children, as well as their families and communities, to reach their full potential. Our Sun Child Sponsorship Program seeks to tackle the root causes of poverty through education and long-term developmental programs.

Our mission is a challenging one, but we know that with your support it is achievable. Please consider sponsoring one or more of these very deserving children today. Their future literally depends on your generosity. Together we can take a major step toward fulfilling the UN's Millennium Development Goal of halving world poverty by the year 2015. Please spread this message among your friends and acquaintances who may be interested in helping an underprivileged child in Bangladesh. I also encourage you to reach out and help in any way you can. DCI needs all types of resources:

- ❖ Volunteers to work in our office,
- ❖ Technical assistance,
- ❖ Monetary
- ❖ Donations –
- ❖ or even something as simple as your ideas.

Thank you for your consideration and future support. We look forward to hearing from you!

Sincerely yours,

**Brian M. DeBroff, M.D., F.A.C.S.**
